

TAB Z

Fold along this line to use this tab to fix to helmet

OWL HEAD

Step 1: Cut out animal head, and along black dashed lines

Step 2: Crease/fold away from you along the white dashed lines

Step 3: Tuck Tab X behind the cheeks, line up A with A, and B with B, and use glue or tape to stick the grey triangle to the underside of the animal head

Step 4: Tuck Tab Y behind the cheeks, line up C with C, and D with D, and use glue or tape to stick the grey triangle to the underside of the animal head

Step 5: Use Tabs X,Y & Z to affix animal head to bike helmet

Optional: to wear the animal head without a helmet, simply punch two holes underneath the ears and attach elastic. Cut off the folded tabs at the top, and make sure your vision isn't obstructed - you could try printing a little bigger too
